

Table 1. Sample information on common dolphins (*Delphinus capensis*) and finless porpoises (*Neophocaena asiaorientalis*) collected from Korean coastal waters

	Common dolphins	Finless porpoises
Blubber	6	6
Muscle	6	6
Melon	6	6
Stomach (Stomach contents)	6	6 (2)
Kidney	6	6
Liver	6	6
Brain	5	-
Gonad/Ovary	6	6
Uterus	2	-
Cord	1	-

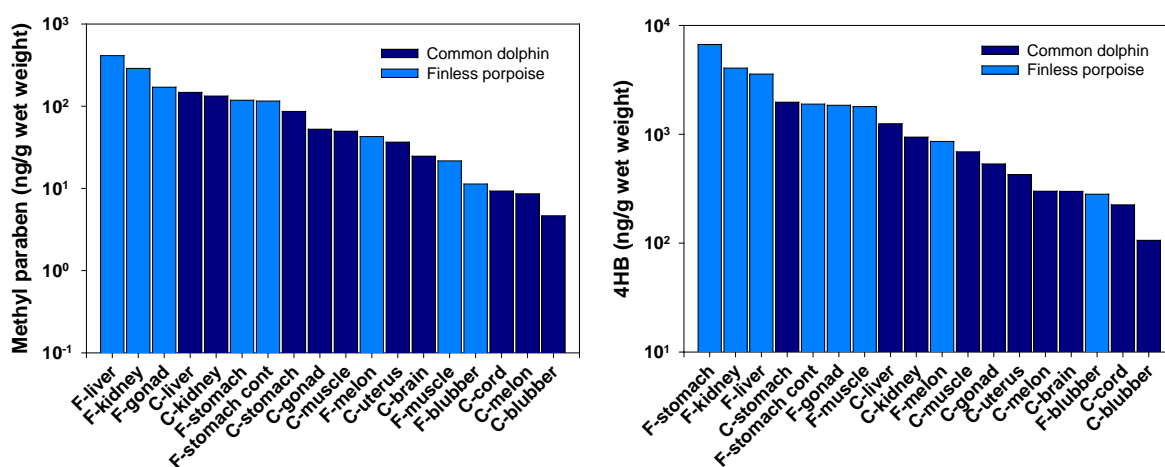

Figure 1. Concentrations of MeP and 4-HB in various organs of common dolphin and finless porpoises collected from Korean coastal waters

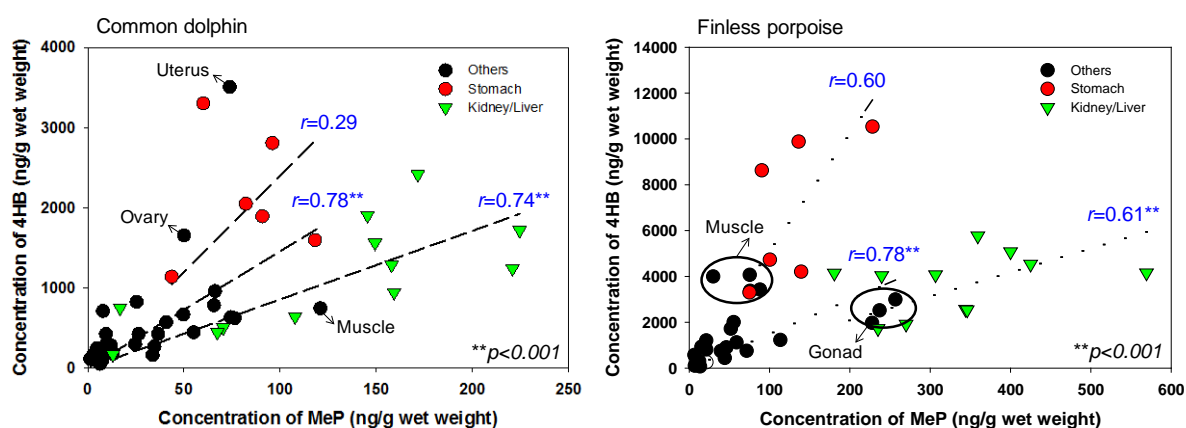

Figure 2. Correlations between concentrations of MeP and 4-HB in various organs in common dolphins and finless porpoises collected from Korean coastal waters.
